Supporting students to do their best.

At SBC we foster an environment that encourages students to do their best at all times. We are also focusing on developing the students’ skills as independent learners. It is an expectation of all staff that students will attempt any assessment task to the best of their ability. We have formalised a process to support students in this endeavour. All assessment tasks in all year levels are graded on an A+ - UG (ungraded) scale. It is expected that all students should achieve a “C” grade or better on any task. If this grade is not achieved or if the task is not submitted by the due date, then the student is likely to be issued with an Academic Redeemer Session. In this session the student will have an opportunity to complete the task again, taking into account the feedback given by the teacher on the first task.

Please note
- An Academic Redeemer Session will not be issued if the assessment task is considered to be the students’ best effort.
- Medical certificates will be considered to excuse late work.
- The original grade will appear on the student’s semester report. The revised tasks will be used to report on the VELs or AusVELs progression.
